The semi-annual session of the Methodist Utah mission began last night at Iliff church where Rev. W. B. Borton of the Bingham church preached on revivals. The speaker stood out for the old time revival, which, he held, was much more effective than the revivals held according to what is called more modern methods. Rev. D. M. Helmick preaches this evening, and tomorrow morning the session organizes for business.

Not Enough Money Realized to Carry Schools Another Month.

EIGHTEEN THOUSAND SHORT

Majority of Parents Affirm That They Cannot Afford to Pay the Required Money.

According to reports submitted by Superintendent Christensen last night to the committee on teachers and school work of the board of education, the tuition plan for Saft Lake City's public schools is a failure, and the schools will be compelled to close on Friday, May 1, five weeks earlier than usual. The total amount subscribed by patrons is \$7,349,50, and the amount required to keep the schools open the five weeks is \$25,500.50. The amount subscribed lacked \$18,151 of being sufficient to carry on the schools.

The returns show that not one school in the city secured enough money to pay the teachers to keep open the ad-ditional month. Some of them made a fair showing, but a great majority of the tuition blanks were returned with the explanations that the parents could not afford to pay tuition for their chil-dren. The plan met with opposition from some parents who could afford to pay tuition but who refused to do so cause opposed to the principle of the tultion scheme.

After looking at the figures contained in the report and realizing that the plan was a failure, the committee then discussed the advisability of keeping the A and B classes of the Eighth grade and the senior class of the High school at work until the end of the term by turning them over to the principals and supervisors, all of whom are employed for ten months. It was decided to make such a recommendation to the school board at a special meeting to be called in a few days.

The table given below shows the sub-

scriptions received in each school and the amount required to keep each

Total for five weeks \$25,500.50 TEACHERS WANT TAX LEVY.

At the meeting of the Teachers' association yesterday afternoon a com-mittee, consisting of Miss Kate McKenzie, Mrs. E. E. Sheppard and Instruc-tor Pendergrass, was appointed to ask the county commissioners for a special tax levy for the maintenance of the schools so as to insure a full term next year. It was also decided that the telichers would demand a nine-months contract and that the money for their salaries should be placed in a separate fund which could not be used by the board for other purposes. They will also ask that contracts be signed by April 1 each year so that the teacher may know whether or not they will be retained the ensuing year.

Grip Remedies in Great Demand,

When colds and grip are prevalent the quickest and surest remedies great demand, Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough remedy after trying several other preparations with no effect. For sale by all druggists.

# AFFAIRS OF THE COUNTY.

The county commissioners at a meeting yesterday received a communication from the mayor and city councilmen of Murray, protesting against the sale of the flowing wells and water tanks attached thereto situated on the streets or highways now within the corporate limits of that city. The communication states that the wells and tanks became the property of Murray by virtue of its incorporation. The petitioners therefore ask that the sale of April 13, 1903, be set aside. The communication was received and filed by the board without any action being taken. In that connection, Mr. Ashberg who purchased the flowing wells and tanks, called today, and paid the balance of the purchase price to the country clerk, and the deeds to the property ill be executed at once

The board authorized the county clerk to advertise for bids for sprinkng the highways in the county, during season extending from May 4 to The bids are to be opened

at noon on April 30.

J. H. Hayford, steward at the couny infirmary, was granted an increase f salary to \$65 per month. John Pert, erk in the office of County Supt, of chools Ashton, received an increase of salary from \$40 to \$50 per month.

# Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this emedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusive-ty that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

# FEDERAL COURT CASES.

monouniment the second J. M. Wilkinson and Carmen Montez, charged with burglarizing the Bountifu postoffice, were arraigned in the Fed-ral court yesterday morning and pleacd not guilty. As they were not represented by an attorney, the court ap-

pointed W. A. Lee to defend them, and set the case for trial May 28.

Judge Marshall handed down an opinion in the Federal court yesterday in the case of U. S. vs Wilford Van Wagener, a bill to compel, by mandatory injunction, the removal of a fence on public lands of the United States. on public lands of the United States. Defendant in this case enclosed about 1,640 acres of public lands with a wire fence during May, 1899, for an unincorporated association of persons who intended to acquire title to the land in question, situated in sections 30 and 31, township 2 south, of range 4 east. The court held that defendant could not shelter himself under the claim that it shelter himself under the claim that it was intended finally to obtain title to the land, because of the long period of time during which the fence has been maintained without any actual attempt to make an entry. The evidence, the court held, on the other hand, went to show that the intent was to use the land for grazing purposes and in common.
An injunction was accordingly granted commanding the defendant to remove the fence in the fence in question within 30 days from date, and the marshal directed, in case of a failure of defendant so to do, to summarily destroy the fence.
